Summary

Computer Science student from **TC College (TY)** with strong knowledge of **Web Development, C**. Seeking an internship or entry-level opportunity where I can apply my technical skills to real-world projects and grow in the software development field.

Projects

- ❖ **Personal Portfolio Website**
 - Designed and developed a **personal portfolio website** to showcase skills, projects, and contact information.
 - Implemented using **HTML, CSS, and JavaScript** with a responsive layout for different devices.
 - Focused on clean design, user-friendly navigation, and professional presentation.
- ❖ **TODO_Habit-Tracker Website (Team Work)**
 - Developed a **TODO_Habit-Tracker web application** to help users manage daily tasks and build habits.
 - Built using **HTML, CSS, JavaScript, and Bootstrap** for responsive design and interactive UI.
 - Implemented features like adding, updating, and deleting tasks with a clean and user-friendly layout.
- ❖ **Car Showcase Website**
 - Created an interactive **Car Showcase Website** using **HTML, CSS, and JavaScript**.
 - Integrated **animations and high-quality images** to make the website more engaging and visually appealing.
 - Designed a responsive layout for smooth navigation across desktop and mobile devices.
- ❖ **Cricket Toss Android App**
 - Developed a simple **Android application in Java** to simulate a coin toss for cricket matches.
 - Implemented random toss functionality with user-friendly UI.
 - Gained hands-on experience with **Android Studio** and mobile app development basics.

Certifications & Achievements

- MBTB Certification in C Programming
- 3rd Solution in global lablab.ai hackathon
- Java & python programming certification

Education

B.SC. COMPUTER SCIENCE | TULJARAM CHATURCHAND COLLEGE, BARAMATI, PUNE 2023 – 2026 (PURSUING)

- 1ST Year SGPA: 8.5
- 2ND Year SGPA: 7.5
- 3rd Year SGPA: 8.4

Skills

- Programming Languages:** C, Core Java, JavaScript, Python.
- Web Development:** HTML, CSS, JavaScript
- Database:** MySQL, PGSQL.
- Software Tools:** VS Code, GitHub, Dev C/C++ , eclipse IDE, Codeblocks.
- Soft Skills:** Quick Learner, Teamwork.
